Dear Mr. Carpentier:

In connection with the investigation of the House Select Committee on Assassinations into the death of President John F. Kennedy, I am writing to request that the Central Intelligence Agency provide the following information to the Select Committee on Assassinations:

1. A detailed written statement indicating both whether Lee Harvey Oswald was ever contacted in any way by any CIA officer, agent, contractor, or other CIA employee or whether Oswald himself ever initiated such a contact. If so, please indicate the circumstances under which such contact was made and identify those persons who contacted, spoke to, or interviewed Lee Harvey Oswald on behalf of the Central Intelligence Agency.

2. A detailed written statement indicating whether the Central Intelligence Agency, from 1958-1963, interviewed or debriefed former American defectors to the Soviet Union who repatriated to the United States. If such interviews were conducted, please indicate whether they were done as standard CIA operating procedure. If such interviews were conducted but not as standard operating procedure, kindly indicate under what circumstances such interviews would be initiated.

3. A detailed written statement indicating whether Lee Harvey Oswald received CIA intelligence training or CIA intelligence-related training while serving in the United States Marine Corps. If so, please indicate the nature of this training.

As these matters are of important concern to the Committee, your prompt response to these requests would be appreciated.

Dear Mr. Carpentier:

In connection with its investigation into the circumstances surrounding the death of President Kennedy, the Select Committee on Assassinations requests access to all files and file references pertaining to the following individuals:

1) Edward Jay Epstein

2) Marvin Kantor

3) Charlotte Bustos

4) Annie Goodpasture.

In addition, please provide the Committee with access to the following information:

5) Any and all investigative reports prepared by E. Howard Hunt pertaining to the John F. Kennedy assassination. (These reports were not necessarily prepared during the period of Mr. Hunt's employment with the CIA).

6) The file that was prepared by the CIA in reference to E. Howard Hunt's alleged Watergate-related activities.

The Committee previously requested access to all CIA files pertaining to E. Howard Hunt in its letter to you of January 6, 1978. However, Roger Gabrielson, of your staff, has requested that the particular requests identified above, be put in writing.

The Committee would also appreciate a response from the CIA regarding the following matters:

7) The CIA's written statement replying to the Committee's request of February 21, 1978 for an explanation of the criteria that governed the opening of a 201 file during the years 1958-64 was not responsive to our inquiry because the CIA's written statement did not focus on the relevant time period. Accordingly, I am renewing our request of February 21, 1978. In the event that there were no criteria governing the opening of such files during that period, the Committee would appreciate a written statement indicating that this was the case.

8) CIA document #563-810 indicates that there are 37 documents that should be in Lee Harvey Oswald's 201 file but which are missing from the file. Furthermore, this document also indicates that there should be a machine listing of these documents attached as part of document #563-810, but no such listing appears in the file. The Select Committee on Assassinations requests that the CIA provide a listing of such documents as well as a written explanation of where those documents are located and why they do not appear in Oswald's 201 file. Pursuant to my letter of December 27, 1977, I would like to note that the document referred to in this paragraph is a classified document.

9) After having reviewed both the documents contained in the CIA's files on Priscilla Johnson McMillan and the materials that were independently made available to her under the Privacy Act, it is apparent that the files which were made available to the Committee did not include HTLINGUAL materials. As the Committee has already requested all information contained in your files on the individuals who are the subjects of our requests, please review the files that you have previously made available to us for the purpose of ensuring that all of the information pertaining to the individuals involved has, in fact, been provided.

Finally, the Committee would like to interview all persons who served as case officers in the Soviet Russian Division of the CIA's Tokyo Station for the period 1963 through February 1964, as well as the Chief(s) of Station and Deputy Chief(s) of Station for that period. The Committee requests that the CIA

either make these persons available for our staff to interview or provide their last known address so that we can contact them directly.

Thank you for your continuing cooperation.

Sincerely,
